Notes:

(1) For students in the BSc program in Computer Science, the English Communication requirement may be fulfilled by completing the language courses required by the other declared BSc program. Approval from the COMP UG Coordinator is required at the time the dual program designation is declared.

(2) Local students should take LANG 2070, LANG 2170 and LANG 3070, while others may take a different set of language courses as advised by the program office with reference to their language backgrounds.
