(For all students in the Program)

Undergraduate Minor Program in Entrepreneurship

The Minor Program in Entrepreneurship is designed mainly for engineering and business students, but is also open to all students to apply. Any undergraduate students with an overall CGA of 2.5 or above may enroll in this Minor Program. Students must declare their intention to enroll in the Minor Program no earlier than the first regular term of their second year of study but no later than the last day of the add/drop period in the first regular term of their final year of study. Students who wish to withdraw from the Minor Program should apply before the last day of the add/drop period in the last regular term of their final year of study.

The Minor Program in Entrepreneurship requires a minimum of 18 credits to be taken from the following courses:
